

## **EXPERIMENT 2**

**Aim :** Wide Dynamic Range (WDR) testing to find which mode gives better quality image

### **➤ Wide Dynamic Range ON /OFF**

**Fig 1 : Snapshot when WDR is on**

**Fig 2 : Snapshot when WDR is off**

➤ Varying the WDR value

Fig 3 : WDR is at 0%

Fig 4 : WDR is at 50%

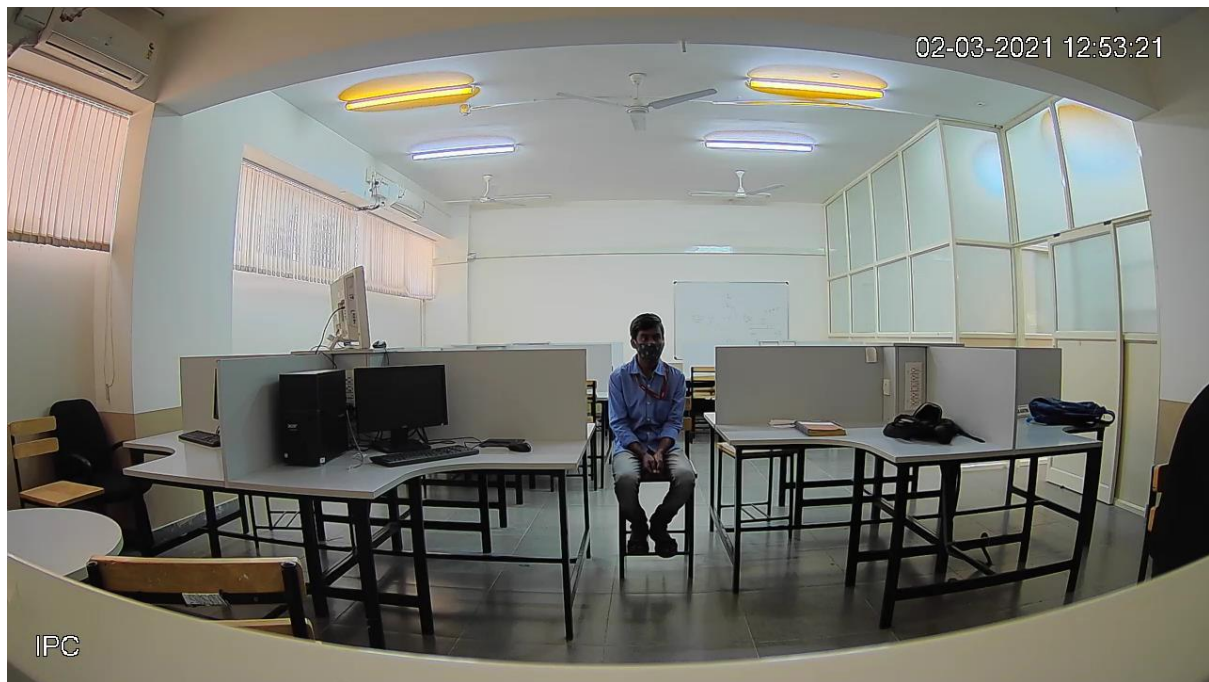

Fig 5 : WDR is at 75%

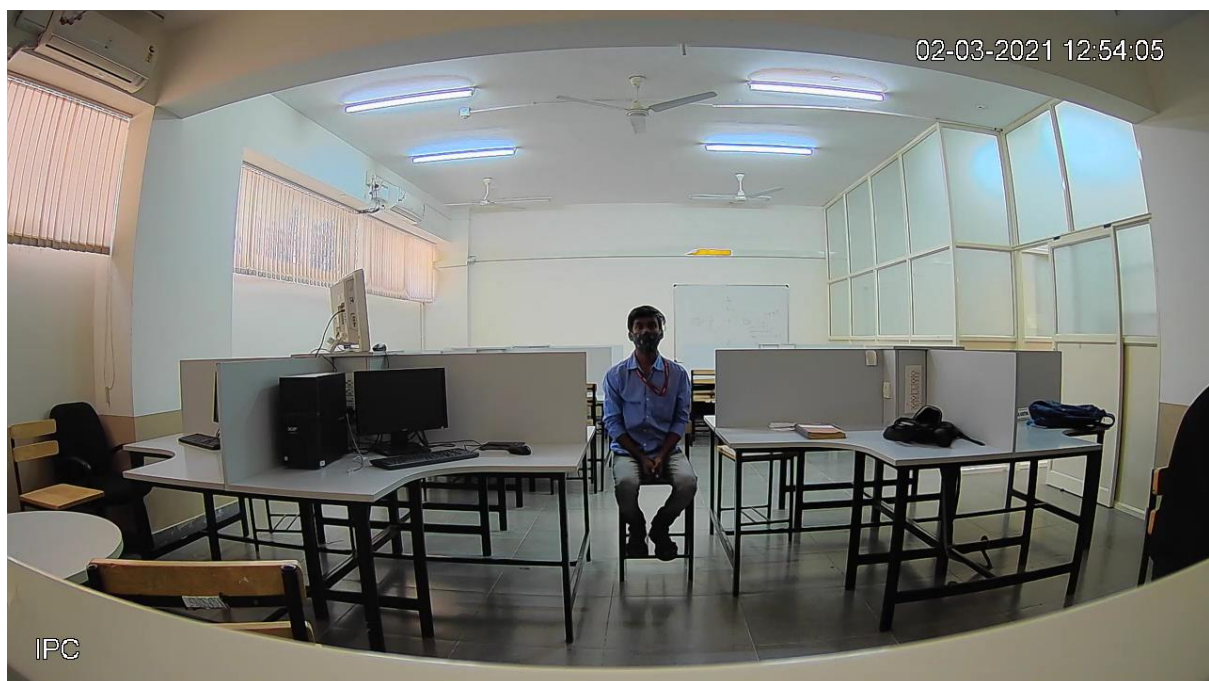

Fig 6 : WDR is at 100%

**Conclusion :** The images are clearer when the Wide Dynamic Range option is on.
